Flag: Follow up

Kelley just IM'd me and requested I forward to you, Ex. 6 PP / Ex. 7(C) – she inadvertently left you off the email.

I suppose the guy's got bills to pay.

Chris and Yolanda,

Have you seen this information regarding Mr. Rochester? It appears he is operating a new recycling firm. I just received this information. Rebecca, we should talk on Monday.

Thank you,
Kelley

Kelley,

Attached is the email I received from a town clerk outside of Sioux City. She said Mr. Rochester also inquired with Lawton, Iowa about similar services.

Jake

I have not heard about him working with another e-recycler. Any information you can share about that?

I did just have a similar conversation. I appreciate the heads up, particularly in light of reports that Mr. Rochester is potentially working with another E-waste company, and people may get concerned that he is back operating at the Recycletronics site.

Please let me know if you have any questions. Look forward to speaking with you all in a few weeks.

Jake

Subject: Call from Waste Management

I think Jake is probably about to have the same conversation I just had with counsel for Waste Management, but thought I'd let you all know about the conversation I had in the event they are not able to connect.

Waste management is going to go out tomorrow (weather permitting) to the Steuben Street Facility to do some storm water work as required by the SWPP. They are also going to secure fences, doors, post signs (although I hope Mr. Rochester already did that), consolidate loose materials outside, and cleanup any crushed glass outside that they think causes a risk to human health and the environment. She just wanted to let us know they were going to be working on the site in the event we get any calls from the public.

If you have any questions please let me know.

Thanks and have a wonderful weekend. Kelley
